## Disaster situation in Sri Lanka due bad weather conditions & services by ST JOHN Sri Lanka

ST JOHN SRI LANKA (STJ SL) under the motto of “for the service of mankind” mobilized our volunteers & available Ambulances & other facilities to provide humanitarian services including Medical & emergency care. STJ SL with a good name of true volunteerism with an almost 120 years’ service in Sri Lanka with human resource network covering all 25 Districts commenced Emergency care services since 28<sup>th</sup> November 2025.

We hereby request help from organizations & other well-wishers to run these services smoothly as STJ SL is very well equipped with human resources & not adequately equipped with funds or other facilities. STJ SL is totally dependent on own funds & not getting international funds from other countries.

Please consider helping STJ SL whatever the way you can to sustain our volunteer’s humanitarian activities. We assure you all financial & other matters will be handled very transparent manner & according to rules & regulations of STJ SL.
